LABOR GOVERNMENT SETTLES RAIL STRIKE

BRITAIN RELIEVED, TERMS AS REACHED ARE SATISFACTORY

PREMIER MACDONALD LEARNED GOOD NEWS OVER PHONE BEFORE BREAKFAST

THE MEN, ENGINEERS AND FIREMEN, WILL RETURN TO WORK IMMEDIATELY

(By United Press)

London, Jan. 29.—The new labor government claimed its first hurdle through the settlement of the national rail strike which was reached at 5 o'clock this morning after an all night conference of the railway managers and union leaders.

Premier Ramsay MacDonald learned the good news over the telephone before breakfast, and left for Edinburgh shortly afterward on a private visit, smiling broadly in answer to cheers at the station, obviously greatly relieved.

J. Bromley, leader of the striking locomotive engineers and firemen, said after the conference broke up:

"The terms reached were most satisfactory. The men will return to work immediately."

Another strike official said the service would be back to normal by night. The strike lasted just eight days. The men went out on the night of the 20th, after negotiations had failed. The strike was timed to coincide with wage reductions authorized by the national wage board to which the engineers and firemen objected.

The walkout affected 70,000 men, traffic was tied up on some lines and ran disjointedly and spasmodically on others. There was some violence in Scotland but no casualties. Motor lorries and airplanes were used in great numbers to relieve the situation.

CHICAGO BRIDE AND BRIDE-TO-BE COMMIT SUICIDE

(By United Press)

Chicago, Jan. 29.—Mrs. Marie Osborne Block, 21, bride of a month and Miss Bernice Hinman, 20, a bride to-be, swallowed poison in a movie theatre here late yesterday and died last night.

Despondency brought on by separation from her husband caused Mrs. Block to take poison, police believe.

Miss Hinman either took poison on a dare or also was despondent because of her chum's misfortune, police held.

Mrs. Block's home is in Arlington, Kentucky, while Miss Hinman who lived here with a sister, has a mother in Fond du Lac, Wis.

Late yesterday they saw "A Self-Made Wife" and swallowed poison. Mrs. Block staggered into the arms of the manager of the movie house and collapsed. She died at a hospital. Miss Hinman was found unconscious in a rest room and died a few hours later.

ANDERSON CASE TO JURY SOON

(By United Press)

New York, Jan. 29.—Demanding acquittal of William H. Anderson, charged with third degree forgery, ex-Governor Whitman finished summing up for the defense at noon today.

Assistant District Attorney Pecora was to spend some two hours in summation and then the case appeared likely to reach the jury around 4 p. m.

In his vigorous summation Whitman went step by step over the entire case at issue taking the events of mysterious gifts, unaccounted for expenditures and altered books in chronological order, concluding with a fine burst of logic and oratory that at no time on any one's testimony save that of the prosecuting witness, Oberstall Phillips, had Anderson done anything inexpressibly extraordinary or wrong.

Further Wrangling Among United Mine Workers

HUNTER SHOOTS LOON, WOOD DUCK, VIOLATES TREATY, IS FINED $5

Duluth, Jan. 29.—When Lee M. Bear shot a loon and a wood duck July 5, 1921, in Cass county, he violated the migratory bird treaty act with Canada, according to an information filed against him in federal court Monday by William Anderson, United States attorney. He also started a train of events which ended when Judge William A. Cant fined him $5. It took the government more than two years to collect, but it now is richer by the amount of the fine.

Six counts were placed against Bear as the result of his day's hunting. He was charged with possession, hunting and killing of the loon. The same charges were repeated for the duck.

Bear pleaded guilty by mail, sending a check for $5. His home is in Illinois.

OLD MINNESOTA CLUB BUILDING DAMAGED BY FIRE

(By United Press)

St. Paul, Jan. 29.—Fire early today damaged the old Minnesota club building in the St. Paul loop.

The old building is a land mark of the nineties. It is now occupied by the woman's city club and stores. At one time it was the elite place of St. Paul.

After an hour of fighting, the blaze appeared to be under control. Seventeen women sleeping in the Woman's City club quarters escaped through smoke filled halls. One was assisted down a ladder by a fireman. The flames started in the basement and went to the second floor causing damage estimated at $25,000. The building is owned by Sam McDonald, Chicago.

40,000 YOUNG MEN IN TRAINING CAMPS

(By United Press)

Washington, Jan. 29.—The war department plans for the 1924 summer military training camps will take care of 40,000 students, between the ages of 17 and 24. They will open in all army corps areas August 1.

These camps are an extension of the Plattsburg idea of 1915, favorite Americanization plan of Theodore Roosevelt. They offer a thirty-day course in outdoor training to volunteer candidates who can measure up to the standards set by the war department. All expense is borne by the government.

Instruction is divided into four groups, designated as the basic, red, white and blue courses. In the basic course only the elementary drills are to be taught, athletics and citizenship studies receiving the principal attention. But students in the advanced classes may specialize in infantry, cavalry, engineers or other branches of the service.

LAWMAKER AND SON CHARGED WITH FRAUD

(By United Press)

St. Paul, Jan. 29.—Representative George W. Rodenberg, St. Paul legislator, and his son, Edward L., were accused of fraud in a deal, in court today.

Judge R. D. O'Brien directed a verdict of $1,153 against the father and son and against the Alaska Sumara Mining company, a South Dakota corporation, in favor of E. I. Brown, a stockholder. Brown said he bought $1,000 worth of stock in the corporation formed by the father and son and charged that the terms of the constitutional license granted by the states securities commission were violated. Seven per cent of the stock sold was to be used to send an engineer to Alaska to investigate two gold mining options under the terms of the permit.

Brown charged that all of the money was used up and that no engineer had been sent. The options also expired, it was alleged. Judge O'Brien declared the blue sky laws had been violated.

HENRY FORD HAS REFUSED TO COME BEFORE THE HOUSE

CALL TO EXPLAIN HIS MUSCLE SHOALS OFFER IS DECLINED BY HIM

SAID HIS PROPOSAL HAS BEEN BEFORE THE HOUSE PRACTICALLY 2 YEARS

Congress Today
By United Press

Senate: Public lands committee resumes Teapot Dome hearing.

Senate at 11 a. m. takes up Walsh resolution cancelling naval reserve leases and Robinson resolution calling for resignation of Secretary of the Navy Denby.

House: Considers interior department appropriation bill.

Muscle Shoals hearings before military affairs committee.

Ways and means committee considers tax bill.

Washington, Jan. 29.—Henry Ford today flatly refused to appear at the house military committee to explain his bid for Muscle Shoals. He also declined to send any representative. Last week the committee telegraphed Ford, asking him to come to Washington in person or send someone empowered to speak for him to explain certain phases of his offer.

"Your committee has had our proposal before you for practically two years," Ford telegraphed Chairman Kahn of the committee.

"Mr. Mayo, our representative, has appeared before you on numerous occasions and every phase of our offer has been discussed.

"I know of nothing we can add that can be helpful. Further hearings would only serve to delay action and unnecessarily to consume time of a busy and important committee of congress already in possession of all the facts."

FARM RELIEF LAW FAVORABLY REPORTED

Washington, Jan. 29.—The first of the farm relief measures was favorably reported to the senate today by the agricultural committee.

A $75,000,000 government corporation would be set up to make small loans to farmers for purchase of cattle, poultry and hogs on the terms of the measure which was introduced by Senator Norbeck, South Dakota republican.

The corporation would be under the secretary of agriculture. Of the total, $50,000,000 would be loaned the farmers in the northwest wheat region and $25,000,000 in other sections.

NEW PROGRAM OF WAR VETERANS' RELIEF

Washington, Jan. 29.—A complete new program of war veterans relief was proposed to the senate today in a preliminary report of the committee on investigation of the veterans bureau.

"The committee believes that certain changes in the law governing the veterans bureau and to regulate relief which disabled veterans will eventually require and that consideration thereof by the senate should be commenced at the earliest possible moment," the report said.

Among the changes proposed are:

Full authority for administrative re-organization.

Rate of compensation to veterans having several children or widows with several children slightly increased.

Allowance for burial expenses increased from $100 to $150.

"The former allowance has proven to be shockingly inadequate," the report states.

FARMER'S DOLLAR HAS INCREASED IN ITS BUYING POWER

(By United Press)

Minneapolis, Jan. 29.—The buying power of the farmer's dollar has increased steadily since 1921, according to John H. Rich.

Particularly during and since 1923 has the buying power of the agricultural dollar grown, he said in his monthly report to the federal reserve board.

Rich is the ninth district federal reserve agent.

Farmers have been paying merchandise debts much better in the last year, especially in South Dakota, he said. Improvement has been most marked in North Dakota and Minnesota is next best.

Figures obtained from such firms as grocers and lumber dealers lead to the conclusions.

He pointed out a steady improvement in the position of farmers as measured by estimated crop incomes in all ninth district states except for a decline in North Dakota in 1923 as compared with 1922 figures.

SENATORS CALL FOR 25 MILLION MORE IN COULTER BILL

COOLIDGE TO ISSUE CALL FOR A GENERAL CONFERENCE MONDAY

TO BE HELD AT WASHINGTON ON NORTHWEST FARM SITUATION

Washington, Jan. 29.—A call for a general conference on the northwestern agricultural situation to be conducted in Washington, beginning next Monday, will be sent out within the next 24 hours by President Coolidge.

Washington, Jan. 29.—The senate committee on agriculture has postponed final action on the Coulter plan bill in order that addition might be made, making available an additional $25,000,000 to be lent by the secretary of agriculture in any section of the country where there was need among the farmers.

Senators Peter Norbeck of South Dakota, E. F. Ladd of North Dakota, and Pat Harrison of Mississippi, were appointed a subcommittee to frame the addition of the Harrison amend-

There will be no change in the text of the bill. It is expected the bill will be ordered favorably reported today.

Friends of the Coulter plan bill today are speculating on the effect the addition of the Harrisno amendment will have upon the passage of the measure. Some are inclined to look upon it as an effort on the part of the friends of the Norris-Sinclair bill to kill the Coulter plan bill. Others are inclined to the belief that it will gain votes for the bill among southern senators and representatives, as it appears to be the intention to lend some of the additional $25,000,000 among the cotton farmers of the south and southwest.

Representative O. B. Burtness of North Dakota, author of the Coulter plan bill, said he would like to study the text of the proposed Harrison amendment. The amendment has not been drafted, but Mr. Burtness hopes it will be framed to carry out the fundamental principle of the proposed legislation. That is, that the money shall be applied to the diversification of crops and activities in the exclusively wheat growng and other one crop areas.

Mr. Burtness said today he feared the loss of votes of eastern senators and representatives as a result of the addition of $25,000,000 to the amount to be lent, but that the opposition might be softened to some extent by reason of President Coolidge's mesage urging the passage of the Coulter plan bill.

COOLIDGE MAY BE MADE TARGET OF ATTACK VERY SOON

OVERNIGHT DEVELOPMENTS IN OIL LEASE SCANDAL AT WASHINGTON

PRESIDENT INCLINED AT PRESENT TO BACK UP HIS CABINET MEMBERS

(By United Press)

Washington, Jan. 29.—Overnight developments in the oil lease scandal now engaging official Washington at all hours made it appear today that President Coolidge may become a direct target of attack of those who demand a complete clean-up in the present investigation.

The president, it was reported, is inclined at present to stand up for his cabinet members. Friends of the president in the senate reported him as feeling that charges that have been made against members of his inherited cabinet are yet "sufficient for serious consideration."

One resolution, however, has already been introduced demanding the resignation of Secretary Denby. Senator Walsh is scheduled to take further direct action against Denby today. As a consequence Senator Caraway for one is prepared to turn the guns directly upon the White House.

Mr. Coolidge was the first vice president to sit with the cabinet. Senator Walsh has called the senate's attention to the Fall letter of June, 1922, in which the then secreatry mentioned that the oil leases were discussed at cabinet meetings.

"Where was Mr. Coolidge while the cabinet was discussing the legality of the Teapot Dome lease," Caraway intends to ask.

The investigating committee refused this morning to accept an invitation to go to Fall's house to question him.

Upon the suggestion of Senator Walsh it was decided tha physicians who have been attending Fall will appear before the committee tomorrow to give an opinion as to when Fall's health will permit him to appear.

With the attack shifting from former Secretary of the Interior Fall to Mr. Coolidge and two members of his cabinet—Denby and Attorney General Daugherty—there were indications that the administration was preparing to strike back at these critics who are trying to fasten responsibility on the Coolidge regime for what happened in the late President Harding's term.

Mr. Coolidge will not at present ask either Denby or Daugherty to resign despite formal demands in the senate that he do so, it was stated at the White House after the president had conferred for two hours with a group of senate leaders he summoned last night.

DENBY SAYS HE DID RIGHT THING

Washington, Jan. 29.—"I am so convinced that I did the right thing in making the naval leases I would do it again tomorrow," Secretary Denby emphatically declared after leaving the cabinet meeting at the White House today.

SINCLAIR TO RETURN TO U. S. SHORTLY

Paris, Jan. 29.—Harry F. Sinclair will return to the United States as soon as possible to reply to charges of corruption in connection with leases his oil companies have obtained on the Teapot Dome naval oil reserve, he said in a telegram to Senator Lenroot today.

Sinclair re-affirmed his denial that he ever gave Albert B. Fall, former secretary of the interior, or any other representative of the Harding government any money in consideration for the leases.

"I commend the action of President Coolidge in ordering prosecution of any guilty persons," Sinclair said, "and rcecommend a judicial determination of these questions."

MEXICAN FEDERALS CLAIM VICTORIES; REBEL LOSS 2,500

(By United Press)

Mexico City, Jan. 29.—"General Serrano reports Esperanza and Oriental have been taken by the federal forces," the war office announced today.

"Our troops are continuing their advance on Irizaba, which is expected to fall within two days.

"The rebels have suffered 2,500 casualties. We have captured much war material and several trains."

WORKED ALL NIGHT WITH BROKEN ARM

(By United Press)

Minneapolis, Jan. 29.—John A. Ward, desk sergeant at Minneapolis police headquarters, worked all night last night wiht a broken arm. He slipped on an icy sidewalk as he went to work. When off duty today he was examined by a physician and learned that his arm was broken. He wins a plaster cast.

NEW SENSATION IN NAVY DEPARTMENT

Washington, Jan. 29.—A new sensation involving the navy department appeared this afternoon when Chairman Butler of the house naval affairs committee summoned Secretary Denby and several naval officials to appear tomorrow for questioning in connection with the alleged illegal appropriation of several million dollars in oil leases.

LEADS TO PARTISAN POLITICAL ENCOUNTER

Washington, Jan. 29.—The oil leasing scandal today began to swing rapidly towards an open and undisguised partisan political encounter between republicans and democrats when debate in the senate opened.

Senator Lenroot, Wisconsin, regular republican who is chairman of the senate public lands committee investigating the leasing scandal, dealt a violent attack on critics of President Coolidge.

"The attempt to attach some stigma of blame in this matter to the present president of the United States," said Lenroot, "is politics and nothing else. Every democratic senator had doubts concerning the legality of these leases—and I know they had—why didn't some of them at any time during the past two years introduce a resolution calling on the president to begin action to annul the leases?"

Lenroot said he knew Senator Walsh, Montana, had always considered the leases illegal because of the lack of power behind them.

"But nobody took any action," said Lenroot.

Lenroot's speech was a direct reply to a bitter political oration delivered late yesterday by Senator Robinson, democratic leader who said the Teapot Dome scandal would be an issue in the campaign and President Coolidge would be held responsible if he did not fire Denby and Daugherty.

Lenroot in opening his discussion revealed that he went to President Coolidge after Archie Roosevelt had testified and since that time "Mr. Coolidge has taken every possible step to clear up this matter."

Senator Ashurst, Arizona, democrat, asked Lenroot:

"Doesn't the senator know that the country will judge the sincerity of the president by the length of time he permits Denby to remani in his cabinet?"

Lenroot answered: "That is another matter."

The senate floor again resembled a supreme court room with charts of Teapot Dome and reserve number one hung around the walls. Most of those packed in the galleries were women.

DEBATES ON SOME CONSTITUTIONAL MATTERS ARE UP

WAGE DEMANDS UNLESS CHANGE OCCURS, MAY BE CONSERVATIVE ONES

RESOLUTIONS ADOPTED OPPOSE USE OF COURT INJUNCTIONS IN LABOR DISPUTES

(By United Press)

Indianapolis, Jan. 29.—Further wrangling among delegates and debate on relatively unimportant constitutional questions today delayed the United Mine Workers' convention in getting down to discussion of the wage question.

Under the rules of the convention the scales committee will be required to make its report not later than Thursday.

It is understood the report is practically finished.

The wage demands of the convention are expected to be of a conservative nature. This was indicated when the delegates hooted down John J. Watts, Springfield, Illinois, who tried to make a speech late yesterday in which he included the six hour day and five day week program of the radicals.

Watts was forced to leave the platform amid shouts of "sit down" and "that's enough from you," after he had tried unsuccessfully for several minutes to make himself heard.

Later at a meeting of the insurgents Watts spoke his piece and told the delegates at the meeting to "prepare a warm reception" for Secretary of Labor Davis who will address the convention Thursday.

Watts branded Davis as "an enemy of organized labor." Watts and other speakers declared Davis was coming out to tell the miners to "go easy" on their demands for a wage increase on the personal request of John L. Lewis, international president of the miners who is generally understood to be opposed to fighting for a wage increase at the present time.

Conservatives continued in control of the convention yesterday and secured passage of a resolution condemning communism and activities of William Z. Foster, radical leader.

The convention also adopted a resolution opposing use of the court injunctions in labor disputes. The miners have been strongly opposed to the injunction since Judge Anderson of the federal court enjoined them from prosecuting the coal strike of 1919.

3 NORTH DAKOTA FLOUR MILLS CLOSED

Minneapolis, Jan. 29—Three of the eight North Dakota mills of the Russell-Miller milling company Minneapolis are to be officially closed down Friday.

This was announced today by W. C. Helm, vice-president and general manager.

The three mills are at Bismarck, Jamestown and Valley City with a total daily capacity of 1,800 barrels of flour.

Mr. Helm said the going had been hard in North Dakota particularly because of competition by the state owned mill at Grand Forks, a non-partisan league project which he said was so enthusiastically supported that consumers were willing to pay a premium for the flour.

REBELLION REPORTED IN CHITA, SIBERIA

Pekin, Jan. 29—A "white" rebellion has broken out in Chita, Siberia according to unconfirmed reports to the French legation here today.

The Chinese postoffice has received an official report saying European mails over the trans-Siberian railway have not arrived and that the trans-Siberian express has not reached Chita.

The investigating committee refused this morning to accept an invitation to go to Fall's house to question him.

Upon the suggestion of Senator Walsh it was decided tha physicians who have been attending Fall will appear before the committee tomorrow to give an opinion as to when Fall's health will permit him to appear.

With the attack shifting from former Secretary of the Interior Fall to Mr. Coolidge and two members of his cabinet—Denby and Attorney General Daugherty—there were indications that the administration was preparing to strike back at these critics who are trying to fasten responsibility on the Coolidge regime for what happened in the late President Harding's term.

Mr. Coolidge will not at present ask either Denby or Daugherty to resign despite formal demands in the senate that he do so, it was stated at the White House after the president had conferred for two hours with a group of senate leaders he summoned last night.

DENBY SAYS HE DID RIGHT THING

Washington, Jan. 29.—"I am so convinced that I did the right thing in making the naval leases I would do it again tomorrow," Secretary Denby emphatically declared after leaving the cabinet meeting at the White House today.

SINCLAIR TO RETURN TO U. S. SHORTLY

Paris, Jan. 29.—Harry F. Sinclair will return to the United States as soon as possible to reply to charges of corruption in connection with leases his oil companies have obtained on the Teapot Dome naval oil reserve, he said in a telegram to Senator Lenroot today.

Sinclair re-affirmed his denial that he ever gave Albert B. Fall, former secretary of the interior, or any other representative of the Harding government any money in consideration for the leases.

"I commend the action of President Coolidge in ordering prosecution of any guilty persons," Sinclair said, "and rcecommend a judicial determination of these questions."

MEXICAN FEDERALS CLAIM VICTORIES; REBEL LOSS 2,500

(By United Press)

Mexico City, Jan. 29.—"General Serrano reports Esperanza and Oriental have been taken by the federal forces," the war office announced today.

"Our troops are continuing their advance on Irizaba, which is expected to fall within two days.

"The rebels have suffered 2,500 casualties. We have captured much war material and several trains."

WORKED ALL NIGHT WITH BROKEN ARM

(By United Press)

Minneapolis, Jan. 29.—John A. Ward, desk sergeant at Minneapolis police headquarters, worked all night last night wiht a broken arm. He slipped on an icy sidewalk as he went to work. When off duty today he was examined by a physician and learned that his arm was broken. He wins a plaster cast.

NEW SENSATION IN NAVY DEPARTMENT

Washington, Jan. 29.—A new sensation involving the navy department appeared this afternoon when Chairman Butler of the house naval affairs committee summoned Secretary Denby and several naval officials to appear tomorrow for questioning in connection with the alleged illegal appropriation of several million dollars in oil leases.

LEADS TO PARTISAN POLITICAL ENCOUNTER

Washington, Jan. 29.—The oil leasing scandal today began to swing rapidly towards an open and undisguised partisan political encounter between republicans and democrats when debate in the senate opened.

Senator Lenroot, Wisconsin, regular republican who is chairman of the senate public lands committee investigating the leasing scandal, dealt a violent attack on critics of President Coolidge.

"The attempt to attach some stigma of blame in this matter to the present president of the United States," said Lenroot, "is politics and nothing else. Every democratic senator had doubts concerning The legality of these leases—and I know they had—why didn't some of them at any time during the past two years introduce a resolution calling on the president to begin action to annul the leases?"

Lenroot said he knew Senator Walsh, Montana, had always considered the leases illegal because of the lack of power behind them.

"But nobody took any action," said Lenroot.

Lenroot's speech was a direct reply to a bitter political oration delivered late yesterday by Senator Robinson, democratic leader who said the Teapot Dome scandal would be an issue in the campaign and President Coolidge would be held responsible if he did not fire Denby and Daugherty.

Lenroot in opening his discussion revealed that he went to President Coolidge after Archie Roosevelt had testified and since that time "Mr. Coolidge has taken every possible step to clear up this matter."

Senator Ashurst, Arizona, democrat, asked Lenroot:

"Doesn't the senator know that the country will judge the sincerity of the president by the length of time he permits Denby to remani in his cabinet?"

Lenroot answered: "That is another matter."

The senate floor again resembled a supreme court room with charts of Teapot Dome and reserve number one hung around the walls. Most of those packed in the galleries were women.

DEBATES ON SOME CONSTITUTIONAL MATTERS ARE UP

WAGE DEMANDS UNLESS CHANGE OCCURS, MAY BE CONSERVATIVE ONES

RESOLUTIONS ADOPTED OPPOSE USE OF COURT INJUNCTIONS IN LABOR DISPUTES

(By United Press)

Indianapolis, Jan. 29.—Further wrangling among delegates and debate on relatively unimportant constitutional questions today delayed the United Mine Workers' convention in getting down to discussion of the wage question.

Under the rules of the convention the scales committee will be required to make its report not later than Thursday.

It is understood the report is practically finished.

The wage demands of the convention are expected to be of a conservative nature. This was indicated when the delegates hooted down John J. Watts, Springfield, Illinois, who tried to make a speech late yesterday in which he included the six hour day and five day week program of the radicals.

Watts was forced to leave the platform amid shouts of "sit down" and "that's enough from you," after he had tried unsuccessfully for several minutes to make himself heard.

Later at a meeting of the insurgents Watts spoke his piece and told the delegates at the meeting to "prepare a warm reception" for Secretary of Labor Davis who will address the convention Thursday.

Watts branded Davis as "an enemy of organized labor." Watts and other speakers declared Davis was coming out to tell the miners to "go easy" on their demands for a wage increase on the personal request of John L. Lewis, international president of the miners who is generally understood to be opposed to fighting for a wage increase at the present time.

Conservatives continued in control of the convention yesterday and secured passage of a resolution condemning communism and activities of William Z. Foster, radical leader.

The convention also adopted a resolution opposing use of the court injunctions in labor disputes. The miners have been strongly opposed to the injunction since Judge Anderson of the federal court enjoined them from prosecuting the coal strike of 1919.

3 NORTH DAKOTA FLOUR MILLS CLOSED

Minneapolis, Jan. 29—Three of the eight North Dakota mills of the Russell-Miller milling company Minneapolis are to be officially closed down Friday.

This was announced today by W. C. Helm, vice-president and general manager.

The three mills are at Bismarck, Jamestown and Valley City with a total daily capacity of 1,800 barrels of flour.

Mr. Helm said the going had been hard in North Dakota particularly because of competition by the state owned mill at Grand Forks, a non-partisan league project which he said was so enthusiastically supported that consumers were willing to pay a premium for the flour.

REBELLION REPORTED IN CHITA, SIBERIA

Pekin, Jan. 29—A "white" rebellion has broken out in Chita, Siberia according to unconfirmed reports to the French legation here today.

The Chinese postoffice has received an official report saying European mails over the trans-Siberian railway have not arrived and that the trans-Siberian express has not reached Chita.

Drama Section Met Monday Evening at the Home of Miss Mary A. Scott, Two Plays Read

The drama section of the Business & Professional Womens' club met Monday evening at the home of Miss Mary A. Scott on North Broadway and two plays were read by Miss R. Mabel Williams. There was a large attendance present.

Miss Isabel Hoppin, who has been teaching in the commercial department of the high school, has left for her home at Grand Meadow, Minn. She has made a great many friends during her stay here, and all are sorry to see her go. The faculty of the high school gave a luncheon for her at the school on Friday. Her place will be taken by Miss Hildegrade Erstad, who arrived Saturday to take the commercial work.

Last Thursday the B. P. W. C. held its monthly social meeting which was along entirely different lines from the usual party. Mrs. C. L. Burnett read "You and I," a most diverting modern drama which scored a great success. It is replete with modern slang and apparent levity, but underneath all this amusing chatter lie deep emotions and heartbreaks and sacrifices, all of which Mrs. Burnett brought out most vividly. She had recently seen the play, and was full of her subject. For two breathless hours the club members listened to her presentation of the play and were sorry that there wasn't more.

After the reading, the girls danced and had refreshments.

SPECIAL RADIO PROGRAM

B. E. Dunham of Brainerd Electric Co., to Entertain Lions Club This Evening

B. E. Dunham, of the Brainerd Electric Co., is making preparations to entertain the Lions club with a special radio program this evening at the regular weekly luncheon of that organization.

John S. Noel, of Grand Rapids, Michigan, international president of the Lions, will broadcast an address on Lionism this evening, from WWJ, the Detroit Free Press, and it is Mr. Dunham's intention to receive this program while the local club is at luncheon.

A receiving set is being installed at the Ransford hotel and a loud speaker will be used, so that all the Lions will be able to hear President Noel's address.

The International President has accepted an invitation to visit the Brainerd club at some time during the year when he is in this territory. This radio program tonight, will serve as a sort of introduction to the president, who has proven very popular wherever he has visited.

IN MUNICIPAL COURT

Two Alleged Liquor Cases Before Court, One Bound Over to District Court

In municipal court Monday afternoon, Olof Erickson, charged with the sale of liquor, was given a preliminary examination. The defendant offered no evidence in his own behalf, and was ordered held over to the district court at its next general term, bonds being set at $500.

Tuesday morning, Clarence Halstead, of West Brainerd was arraigned on a charge of maintaining a nuisance. He plead not guilty to having liquor for sale, but admitted having it in his possession. His case was continued until Wednesday morning at 10 o'clock, and was committed to the city jail pending the payment of $150 bonds.

Mothers You Can Prevent Children From Taking Cold

Next Time They Come in Wet and "Sniffling" Rub This Vapor Salve over Throat and Chest.

When children come in from play with feet wet, noses blue and hands like lumps of ice, you feel sure that they are "in for a cold."

But the next time try Vicks. At bedtime rub this vaporizing salve well in over throat and chest and cover with a warm flannel cloth.

The body heat releases the ingredients —Menthol, Camphor, Eucalyptus, Juniper Tar, etc.—in the form of vapors, and these vapors go directly to the air passages, stimulating the mucous membrane to repel germ attacks.

At the same time Vicks increases the circulation of the blood thruout the chest region, thus helping to prevent any congestion developing.

If applied in time, Vicks will prevent many colds from getting a start and its use doesn't disturb the child's digestion as constant internal dosing is so apt to do.

Why You Should Build Your Home Now

Consider these reasons carefully. Each one is based on the future prosperity and happiness of your family.

1st. You *want* a real home and you need it to give yourself and family the comforts and conveniences that will enable you to do your best work.

2nd. It is unwise to postpone home building for possible lower building costs. Remember that lower costs if they should come, would probably find you less able to build than you are now.

3rd. Your home should be built *before* any of the big luxuries like a car are purchased, otherwise the home is likely never to be built. Building the home first makes it easier to buy and enjoy such luxuries. Let us work with you on this important 1924 job.

Next Time They Come in Wet and "Sniffling" Rub This Vapor Salve over Throat and Chest.

When children come in from play with feet wet, noses blue and hands like lumps of ice, you feel sure that they are "in for a cold."

But the next time try Vicks. At bedtime rub this vaporizing salve well in over throat and chest and cover with a warm flannel cloth.

The body heat releases the ingredients—Menthol, Camphor, Eucalyptus, Juniper Tar, etc.—in the form of vapors, and these vapors go directly to the air passages, stimulating the mucous membrane to repel germ attacks.

At the same time Vicks increases the circulation of the blood thruout the chest region, thus helping to prevent any congestion developing.

If applied in time, Vicks will prevent many colds from getting a start and its use doesn't disturb the child's digestion as constant internal dosing is so apt to do.

"NOBLE OUTCAST" BEING REHEARSED

Finishing Touches Being Received Under Direction of Frank Sears

THE CAST IS ANNOUNCED

Home Talent Play to be Given Under Auspices of Knights of Columbus

"A Noble Outcast," the home talent play to be staged at the New Park theatre under auspices of the Knights of Columbus Tuesday evening, February 5th, is now receiving its finishing touches under the capable directions of Frank Sears who announces that the cast will be made up of the following well known amateur players.

Gerald Weston (The Outcast)—Frank Sears.

Frances Lee (Col. Lee's Ward)—Miss Ella Olson.

James Blackburn (Col. Lee's Nephew)—Walter Cleary.

Jack Wothington (Frances' fiance)—F. Leo McCaffery.

Col Lee (A Southern Banker and Gentleman)—James Nolan.

Mrs. Lee (Col. Lee's Wife)—Mrs. J. F. Hurley.

Sadie (The French Maid)—Miss Ella Sears.

Mr. Sears confidently expressed the belief yesterday that the performance which the Knights of Columbus will offer to the public will be free of indications of amateurishness and that it will bear favorable comparison with a professional production.

"Not only is this a mighty fine play in the first place" said Mr. Sears, "but the members of the cast have shown surprising aptitude for dramatic work. I do not question that "A Noble Outcast" will be able to stand strictly on its own merit.

Strange, Strange!

This is veracious: A clergyman from Cambridge, Massachusetts, had occasion to preach to the inmates of an insane hospital. During his sermon he noticed that one of the patients paid the closest attention, his eyes riveted upon the preacher's face, his body bent eagerly forward. Such interest was most flattering. After the service ,the speaker noticed that the man spoke to the superintendent, so as soon as possible the preacher inquired.

"Didn't that man speak to you about my sermon?"

"Yes.'

"Would you mind telling me what he said?'

The superintendent tried to sidestep, but the preacher insisted.

"Well," he said at last, "what the man said was, 'Just think, he's out and I'm in.'"—The Christian Register.

Suspicious

She—"Isn't it a nuisance, dear? Mother sent me a recipe for some wonderful floor polish, but I've mislaid it.'

He (tasting soup suspiciously)—"Are you sure you mislaid it, darling?"—The Passing Show (London).

Thought for the Day.

ANNIVERSARY WEEK OF THE BOY SCOUTS

THE fourteenth anniversary of scouting in the United States will be celebrated February 8 to 14 and Crow Wing County Council has arranged a most elaborate program covering the entire week, starting with a Father and Son banquet on Friday, Feb. 8 and terminating with a "Round Up" day on Feb. 14.

Saturday, Feb. 9, will see the opening of the first annual scout exhibit held in the Y. M. C. A. Anniversary week is of importance for it will mobilize all scouts, and show the public in a concrete way just what scouting is and what it does. The keynote of this year's celebration is "Patriotism." Last year it was "Citizenship." The patriotic note will be emphasized all through this year's program.

The Crow Wing County Council started to function July 1, 1923, and it marked the first systematic organization of scouting in the county. During the past 10 years some 10 or a dozen troops had been organized but under no central direction. Under the authority of the council there are now functioning 12 well disciplined troops with a qualified membership of 175 scouts, and about 125 recruits.

During the spring and summer more troops will be organized and the objective for December, 31, 1924, is 500 qualified scouts. The boys' camp will be materially enlarged this year, allowing four periods of two weeks each with a minimum of 56 boys for each period, beginning June 9th. The camp this year will be managed by the boys themselves under the direction of the directors.

A 10 weeks' course in Boy Leadership for the boys is now under way and at the end of that period students will take examination and those qualifying will be made patrol leaders, and have charge of the camp.

An eight weeks' course in Community Boy Leadership for adults began January 8 and had a registration of over 50 men, and will continue to Feb. 26. Following that an outdoor hike will be held early in March, so as to give them practice in the open.

When one considers the various activities of scouting under way, the genuine spirit of enthusiasm aroused under the leadership of Scout Executive E. W. Simble, one is convinced that scouting has had established a firm foundation in this county and that its continued growth is assured.

ENLARGING COULTER BILL

THE latest development in the Coulter bill is that senators have called for $25,000,000 more, plus the original $50,000,000 planned for farm relief. The original idea was to come to the aid of the farmers in the "spring wheat" area of the northwest. This would benefit farmers in certain states only: Minnesota, South Dakota and Montana. About 10 counties would be effected in Minnesota.

The Dispatch, in an editorial of January 21, called attention to the limited relief which the farmers would receive in Minnesota and stated: "The Dispatch makes this point in regard to the Coulter bill. As the farmers of the spring wheat area need assistance, so do the farmers in the cut-over region of Central and Northern Minnesota, Wisconsin and Michigan. Their plight results because banks have been compelled to curtail as well as call in loans and are now not able to finance the stocking of farms with cattle, sheep, hogs and poultry as in former years.

"A Coulter bill carrying a provision for such assistance of our farmers would improve our dairy herds, by eliminating the scrub cattle; would introduce better droves of hogs; and also put an impetus in the poultry business. By thus assisting our farmers, it would indirectly relieve the drain on banks and also assist the farmers in paying up their loans, thus making easier money throughout the district.

"Our representatives in congress should be urged to incorporate such a provision in the bill, so as to include our cut-over region."

The proposed Harrison amendment to the Coulter bill is to add $25,000,000 to its appropriation and to make it available to all farmers in need, taking in also the cotton farmers of the south.

DAYS OF REAL SPORT

Among the days of real sport are those devoted to gathering maple sap and boiling it in Anton Mahlum's sugar bush on the shores of Round lake. His land, back to the days of Chief Hole in the Day, was a favorite stamping ground for making this delicacy.

Mr. Mahlum has made it an industry yielding handsome returns. In the past the sap boiled up so quickly in the trees that he could not gather it fast enough and much was wasted. Gradually he has accumulated a system of containers and to this has recently added a sap evaporator which he bought in Cleveland, Ohio.

With this working equipment he expects to gather all the sap in his sugar bush, to boil and refine it and produce the finest maple syrup which ever made an upper deck for buckwheat pancakes. Mr. Mahlum's maple syrup enjoys a high reputation and the efforts to improve it will further enhance the deliciousness of this product and increase the clientage he enjoys.

THE manicurists and the barbers are at outs and a case goes to the supreme court to decide if a beauty parlor has the right to bob hair. The barbers claim bobbing hair is plain barbering and the beauty parlor claims it's a health measure. To get right down to facts, any act of sanitary barbering is a health measure.

MONDAY evening's Minneapolis Journal carried two columns and a quarter of "What Other People Think." Such a lot of communications nearly crowded out Editor Hershel V. Jones' editorial thoughts, limiting him to a bare two columns.

Helpless veterans are all allowed $50 per month for an attendant.

Compensation to insane veterans who have neither wife, children or dependent parents and who are maintained free of charge in a veterans bureau hospital, is reduced to $20 per month.

A veteran in a hospital will be required to allot not more than three-fourths of his monthly compensation to his wife, dependent children or dependent parents.

Veterans bureau hospitals are made available to all honorably discharged veterans of the Spanish American war, the Philippine insurrection, the Boxer rebellion or the world war, who are suffering from tuberculosis or a mental disease without proof that the disease resulted from military services.

Partial reinstatement of lapsed war risk insurance is permitted.

Vocational training is for all those who suffered disability in the line of duty and not the result of their own misconduct between April 6, 1917 and July 2, 1921.

TREASURY AND P. O. FUNDS IN JOINT BILL

Washington, Jan. 29.—Funds totaling $729,858,451 for use by the treasury and the post office departments during the coming fiscal year are carried in a joint supply bill reported to the house today.

Of this amount $609,976,246 is for the post office department and $119,882,205 for the treasury.

The total carried in the bill is $18,476,890 more than was appropriated for the two departments last year and $5,447,697 less than the budget estimates.

A total of $10,629,770 is provided for prohibition enforcement—$1,629,770 more than was provided for the same purpose during the current year. The coast guard which has a part in prohibition enforcement is alloted $10,651,000 or $793,000 less than last year.

For SURE relief from constipation be sure you get ALL BRAN—Kellogg's!

If you suffer from constipation, you cannot afford to lose time experimenting. The poisons which accumulate while you try ineffective measures can undermine your health.

If eaten regularly, Kellogg's Bran is guaranteed to relieve permanently the most chronic cases of constipation, or your grocer will return your money. It brings you SURE results because it is ALL bran. Nothing but ALL bran can be wholly effective. Doctors know this! That is why Kellogg's Bran, cooked and krumbled, is endorsed and prescribed by physicians everywhere. It will bring back your health to you. So be sure you get Kellogg's Bran, cooked and krumbled.

You could tell Kellogg's Bran with your eyes closed—once you had tasted that delicious, nut-like flavor. Kellogg's Bran is quite different from ordinary unpalatable brans. The wonderful flavor of Kellogg's is exclusive. You will like it.

Eat at least two tablespoonfuls daily—in chronic cases, that much with every meal. Eat it with milk or cream. Sprinkle it over other cereals. Cook it with hot cereals. Try it in the recipes which are given on the package—such as bran bread, muffins, griddle cakes, etc.

But start eating Kellogg's Bran to-day. Have each member of your family eat it. Enjoy that perfect health which should be yours. Kellogg's Bran, cooked and krumbled, is sold by all grocers. It is served in individual packages by the leading hotels and clubs. Get it at your restaurant, too! Made in Battle Creek.

The boys' camp will be materially enlarged this year, allowing four periods of two weeks each with a minimum of 56 boys for each period, beginning June 9th. The camp this year will be managed by the boys themselves under the direction of the directors.

A 10 weeks' course in Boy Leadership for the boys is now under way and at the end of that period students will take examination and those qualifying will be made patrol leaders, and have charge of the camp.

An eight weeks' course in Community Boy Leadership for adults began January 8 and had a registration of over 50 men, and will continue to Feb. 26. Following that an outdoor hike will be held early in March, so as to give them practice in the open.

When one considers the various activities of scouting under way, the genuine spirit of enthusiasm aroused under the leadership of Scout Executive E. W. Simble, one is convinced that scouting has had established a firm foundation in this county and that its continued growth is assured.

ENLARGING COULTER BILL

THE latest development in the Coulter bill is that senators have called for $25,000,000 more, plus the original $50,000,000 planned for farm relief. The original idea was to come to the aid of the farmers in the "spring wheat" area of the northwest. This would benefit farmers in certain states only: Minnesota, South Dakota and Montana. About 10 counties would be effected in Minnesota.

The Dispatch, in an editorial of January 21, called attention to the limited relief which the farmers would receive in Minnesota and stated: "The Dispatch makes this point in regard to the Coulter bill. As the farmers of the spring wheat area need assistance, so do the farmers in the cut-over region of Central and Northern Minnesota, Wisconsin and Michigan. Their plight results because banks have been compelled to curtail as well as call in loans and are now not able to finance the stocking of farms with cattle, sheep, hogs and poultry as in former years.

"A Coulter bill carrying a provision for such assistance of our farmers would improve our dairy herds, by eliminating the scrub cattle; would introduce better droves of hogs; and also put an impetus in the poultry business. By thus assisting our farmers, it would indirectly relieve the drain on banks and also assist the farmers in paying up their loans, thus making easier money throughout the district.

"Our representatives in congress should be urged to incorporate such a provision in the bill, so as to include our cut-over region."

The proposed Harrison amendment to the Coulter bill is to add $25,000,000 to its appropriation and to make it available to all farmers in need, taking in also the cotton farmers of the south.

DAYS OF REAL SPORT

Among the days of real sport are those devoted to gathering maple sap and boiling it in Anton Mahlum's sugar bush on the shores of Round lake. His land, back to the days of Chief Hole in the Day, was a favorite stamping ground for making this delicacy.

Mr. Mahlum has made it an industry yielding handsome returns. In the past the sap boiled up so quickly in the trees that he could not gather it fast enough and much was wasted. Gradually he has accumulated a system of containers and to this has recently added a sap evaporator which he bought in Cleveland, Ohio.

With this working equipment he expects to gather all the sap in his sugar bush, to boil and refine it and produce the finest maple syrup which ever made an upper deck for buckwheat pancakes. Mr. Mahlum's maple syrup enjoys a high reputation and the efforts to improve it will further enhance the deliciousness of this product and increase the clientage he enjoys.

THE manicurists and the barbers are at outs and a case goes to the supreme court to decide if a beauty parlor has the right to bob hair. The barbers claim bobbing hair is plain barbering and the beauty parlor claims it's a health measure. To get right down to facts, any act of sanitary barbering is a health measure.

MONDAY evening's Minneapolis Journal carried two columns and a quarter of "What Other People Think." Such a lot of communications nearly crowded out Editor Hershel V. Jones' editorial thoughts, limiting him to a bare two columns.

lost limbs as total disability.

Helpless veterans are all allowed $50 per month for an attendant.

Compensation to insane veterans who have neither wife, children or dependent parents and who are maintained free of charge in a veterans bureau hospital, is reduced to $20 per month.

A veteran in a hospital will be required to allot not more than three-fourths of his monthly compensation to his wife, dependent children or dependent parents.

Veterans bureau hospitals are made available to all honorably discharged veterans of the Spanish American war, the Philippine insurrection, the Boxer rebellion or the world war, who are suffering from tuberculosis or a mental disease without proof that the disease resulted from military services.

Partial reinstatement of lapsed war risk insurance is permitted.

Vocational training is for all those who suffered disability in the line of duty and not the result of their own misconduct between April 6, 1917 and July 2, 1921.

TREASURY AND P. O. FUNDS IN JOINT BILL

Washington, Jan. 29.—Funds totaling $729,858,451 for use by the treasury and the post office departments during the coming fiscal year are carried in a joint supply bill reported to the house today.

Of this amount $609,976,246 is for the post office department and $119,882,205 for the treasury.

The total carried in the bill is $18,476,890 more than was appropriated for the two departments last year and $5,447,697 less than the budget estimates.

A total of $10,629,770 is provided for prohibition enforcement—$1,629,770 more than was provided for the same purpose during the current year. The coast guard which has a part in prohibition enforcement is alloted $10,651,000 or $793,000 less than last year.

For SURE relief from constipation be sure you get ALL BRAN—Kellogg's!

If you suffer from constipation, you cannot afford to lose time experimenting. The poisons which accumulate while you try ineffective measures can undermine your health.

If eaten regularly, Kellogg's Bran is guaranteed to relieve permanently the most chronic cases of constipation, or your grocer will return your money. It brings you SURE results because it is ALL bran. Nothing but ALL bran can be wholly effective. Doctors know this! That is why Kellogg's Bran, cooked and krumbled, is endorsed and prescribed by physicians everywhere. It will bring back your health to you. So be sure you get Kellogg's Bran, cooked and krumbled.

You could tell Kellogg's Bran with your eyes closed—once you had tasted that delicious, nut-like flavor. Kellogg's Bran is quite different from ordinary unpalatable brans. The wonderful flavor of Kellogg's is exclusive. You will like it.

Eat at least two tablespoonfuls daily—in chronic cases, that much with every meal. Eat it with milk or cream. Sprinkle it over other cereals. Cook it with hot cereals. Try it in the recipes which are given on the package—such as bran bread, muffins, griddle cakes, etc.

But start eating Kellogg's Bran to-day. Have each member of your family eat it. Enjoy that perfect health which should be yours. Kellogg's Bran, cooked and krumbled, is sold by all grocers. It is served in individual packages by the leading hotels and clubs. Get it at your restaurant, too! Made in Battle Creek.

EX-SERVICE MAN WINS A PRIZE

W. C. Behn, Trainee of Disabled Veterans Bureau, Brainerd District, at State Poultry Show

HAD 50 LB. TURKEY GOBBLER

Has Large Flocks of Turkeys and Chickens on His Farm Near Whipple Lake

W. C. Behn, an ex-service man who is a trainee of the disabled veterans bureau, returned Sunday from Minneapolis, where he attended the poultry show, winning second prize with his 50 pound bronze turkey gobbler. This same bird took first prize in the special class at the Brainerd show in December.

Mr. Behn is specializing in poultry on his farm six miles west of Brainerd, on the west side of Whipple lake. He has a fine flock of bronze turkeys and about 200 chickens.

His farm consists of 82 acres, 20 of which are cleared and under cultivation. He expects to clear and break about 15 acres the coming season.

Mr. Behn, who is originally from Waterloo, Iowa, is making a very successful record with his farm project under government supervision, and is a good example of the opportunities which Crow Wing county offers the disabled veterans of the world war.

A great many of these men are from South Dakota, and it is reported that quite a number of disabled veterans from that state may be induced to come to the Brainerd district this spring. This is made possible because the contract between the government and the South Dakota agricultural college expires soon and no new contract is to be signed, the government feeling that practical experience under the supervision of experts, such as is carried on in Crow Wing county, is of more value to the men.

MISS MARTHA GRABER DIED

Passed Away at Home of Her Mother in Oak Lawn Township Tuesday Morning

Miss Martha Graber, of Oak Lawn township, passed away Tuesday morning at the home of her mother, death resulting from pneumonia.

She was born in Brainerd April 19th, 1903. She attended the rural school near her home and the Brainerd high school for two years.

She leaves to mourn her loss her mother, five sisters and four brothers. Her father has been dead about twelve years.

The funeral will be held on Friday morning at 8:30 o'clock from St. Francis Catholic church, Rev. Father James Hogan officiating. Interment will be made in Evergreen cemetery.

The remains are now at the B. C McNamara chapel, where they may be viewed until the hour of the funeral.

"SHEPHERD'S CALL" CAST IS GIVEN

Home Talent to Produce Same For the Benefit of Y. M. C. A. February 18, 19

AT THE NEW PARK THEATRE

"Shepherd's Call" is a Beautiful Pastoral Play in Four Acts

Rehearsals are progressing very satisfactorily for the home talent play, "The Shepherd's Call," to be produced as a Y. M. C. A. benefit on February 18th and 19th at the New Park theatre.

The cast selected is an expecially strong one. Nearly all in the play have appeared a number of times before Brainerd audiences and have proven themselves great favorites. The cast is as follows:

Elaine Day, village school ma'am—Miss Dorothy Carmichael.

Mrs. Cole, the village gossip—Mrs. W. M. Murphy.

Sadie, a country girl—Mrs. E. H. Perry.

Joseph Kane, the new minister—George Orth.

George Armstrong, just out of Yale—David Goodmature.

Cyrus Perkins deacon in the church—Charles Faulbauer.

Tim Timkins, village cut-up—Desmond Hurley.

Old Hal, the shepherd—E. H. Perry.

Ten school girls and boys.

"The Shepherd's Call" is a beautiful pastoral play in four acts, founded on those Biblical lines, "Them that's in the fold don't need my care, it's the one out on the hills astray." The play is full of good clean comedy and should please Brainerd theatregoers. It is being staged under the direction of E. H. Perry, its author.

Presbyterian Aid

The Presbyterian ladies aid will meet Wednesday afternoon at the home of Mrs. D. K. Fullerton, 502 North 9th street. The hostess will be assisted by Mrs. Putz, Mrs. Smythe and Mrs. Robertson. Members are urged to attend and visitors are welcome.

There will be election of directors and officers, and reports of the various officers for the past year.

The association has just closed a most successful twelve months, and is looking forward to an even greater business during 1924.

JORGEN JENSON DIED

Stroke of Paralysis Two Weeks Ago Caused Him to Pass Away Monday Afternoon

Jorgen Jenson, for many years a resident of this county, passed away Monday afternoon at a local hospital, death being caused from a stroke of paralysis which he suffered about two weeks ago.

Mr. Jenson was born in Denmark, March 8th, 1844. He came to the United States in 1881, first settling near Detroit, Minnesota. He came to Crow Wing county and was engaged in farming south of Brainerd for about twenty five years. For the past two years he has been making his home with Mr. and Mrs. Louis Mollanen, 411 19th street, S. E.

Mr. Jenson's wife died some six years ago. There are no children, except a step son, Charles Pentin, living on a farm south of the city. There are some relatives living in Denmark.

The funeral will be held on Thursday afternoon at 2:30 o'clock from the Norwegian-Danish Lutheran church, Rev. O. L. Bolstad officiating. Interment will be made in Evergreen cemetery.

Bethel Lutheran Young People

The Bethel Lutheran Young people of South Long Lake will meet Wednesday evening in the church. A good program will be rendered and everybody is welcome.

"SHEPHERD'S CALL" CAST IS GIVEN

Home Talent to Produce Same For the Benefit of Y. M. C. A. February 18, 19

AT THE NEW PARK THEATRE

"Shepherd's Call" is a Beautiful Pastoral Play in Four Acts

Rehearsals are progressing very satisfactorily for the home talent play, "The Shepherd's Call," to be produced as a Y. M. C. A. benefit on February 18th and 19th at the New Park theatre.

The cast selected is an expecially strong one. Nearly all in the play have appeared a number of times before Brainerd audiences and have proven themselves great favorites. The cast is as follows:

Elaine Day, village school ma'am—Miss Dorothy Carmichael.

Mrs. Cole, the village gossip—Mrs. W. M. Murphy.

Sadie, a country girl—Mrs. E. H. Perry.

Joseph Kane, the new minister—George Orth.

George Armstrong, just out of Yale—David Goodnature.

Cyrus Perkins deacon in the church—Charles Hoffbauer.

Tim Timkins, village cut-up—Desmond Hurley.

Old Hal, the shepherd—E. H. Perry.

Ten school girls and boys.

"The Shepherd's Call" is a beautiful pastoral play in four acts, founded on those Biblical lines, "Them that's in the fold don't need my care, it's the one out on the hills astray." The play is full of good clean comedy and should please Brainerd theatregoers. It is being staged under the direction of E. H. Perry, its author.

Presbyterian Aid

The Presbyterian ladies aid will meet Wednesday afternoon at the home of Mrs. D. K. Fullerton, 502 North 9th street. The hostess will be assisted by Mrs. Putz, Mrs. Smythe and Mrs. Robertson. Members are urged to attend and visitors are welcome.

FARMERS ROOM, COURT HOUSE

Directors and Officers Election, Reports of Officers For the Year

The annual meeting of the stockholders of the Farmers Co-operative Creamery Association will be held in the Farmers room at the court house, on Tuesday, February 19th, beginning promptly at one o'clock. A free lunch will be served at noon at the court house.

There will be election of directors and officers, and reports of the various officers for the past year.

The association has just closed a most successful twelve months, and is looking forward to an even greater business during 1924.

JORGEN JENSON DIED

Stroke of Paralysis Two Weeks Ago Caused Him to Pass Away Monday Afternoon

Jorgen Jenson, for many years a resident of this county, passed away Monday afternoon at a local hospital, death being caused from a stroke of paralysis which he suffered about two weeks ago.

Mr. Jenson was born in Denmark, March 8th, 1844. He came to the United States in 1881, first settling near Detroit, Minnesota. He came to Crow Wing county and was engaged in farming south of Brainerd for about twenty five years. For the past two years he has been making his home with Mr. and Mrs. Louis Moilanen, 411 19th street, S. E.

Mr. Jenson's wife died some six years ago. There are no children, except a step son, Charles Pentin, living on a farm south of the city. There are some relatives living in Denmark.

The funeral will be held on Thursday afternoon at 2:30 o'clock from the Norwegian-Danish Lutheran church, Rev. O. L. Bolstad officiating. Interment will be made in Evergreen cemetery.

Bethel Lutheran Young People

The Bethel Lutheran Young people of South Long Lake will meet Wednesday evening in the church. A good program will be rendered and everybody is welcome.

Girls Friendly Society

The Girls Friendly society of St. Pauls Episcopal church will meet in the church on Wednesday evening, January 30th, at 7 o'clock. All members are requested to be present.

Action Pays

With the Fundamentalists and the Modernists explaining things to each other, it is getting to be more interesting to go to church than to stay at home and read the newspapers.—New York, Evening Post.

LACK OF BOXING LAWS WORRIES BRITONS

By HENRY L. FARRELL
United Press Sports Editor

New York, Jan. 29.—After a boxing contest recently in London between Johnny Sullivan and Bob Jackson an unsatisfactory decision was given and one of the spectators handed the referee a sock. Two other spectators went to the defense of the referee and police were called to stop a general battle that ensued. All the participants went to court and were fined.

One London paper remarked that it was unfortunate, because "boxing is, of all the sports, the least protected against its enemies."

Another "affair" resulted in a bout in which Danny Frush was boxing. Frush, who seems to be up to his old tricks, claimed a foul when he had been hit in the stomach and he went down.

The referee stopped the fight and then made them continue after a physician had said he was not fouled. Frush went down again and claimed another foul. The bout was stopped again while another physician was called. He said that Frush was sick, but that he had not been fouled.

The referee then refused to give a decision. He announced that he would decide the next day, but he didn't.

Of course, complaints were made about this unusual procedure.

The unusual part of these incidents, however, was that no public demand was made that boxing should be stopped because of the bad decision or because of the disorder which followed it.

It shows the difference between the British sports and American sports and possibly it presents one cause why boxing goes on in England and can survive only periodically in the United States.

Instead of asking for government action to stop the sport, British writers urged that boxing be placed upon firm legal ground. So far the best recognition that the game could get in England was a legal opinion that it was not illegal. But it never has been declared legal.

U. S. SKATERS PLACE THIRD IN OLYMPICS

Chamonix, France, Jan. 29.—The United States hockey team scored an easy victory in its first match in the winter sports of the Olympic games yesterday, defeating the Belgian team by the score of 19 to 0.

The Americans simply toyed with the Belgians during the first period, Drury, Rice and McCarthy promptly got their combination work going, completely bewildering the Belgian players, and scoring almost at will.

Yanks Make Substitutions

After the Americans had the Belgians down, 4 goals to nothing, Manager Haddock sent in Frank Sinnott of Boston to relieve McCarthy. Later John J. Lyons of Boston took Drury's place at center.

The Swedish team won its first game, defeating Switzerland by a score of 9 to 0. The Canadian six was drawn against Czecho-Slovakia in the first round.

The Swedes, scoring three goals in each period, won by superior all around play. The Swiss appeared to know little more than the rudiments of the game and the winners' score might have been greater had not the northerners let up in the last two periods.

The starting line-up of the American team was: Alphonse A. LaCroix of Boston, goal; Irving W. Small of Boston, and Clarence J. Abel, of St. Paul, defense; Harry Drury of Pittsburgh, center; Willard W. Rice, of Boston, right wing; Justin J. McCarthy, of Boston, left wing. The referee for the Belgo-American match was Monroe of Canada.

Also scheduled for yesterday was the figure skating for women.

U. S. Skaters Third

The American speed skaters, who scored 11 points for their country in the sprints on Saturday were able to do nothing against the stamina and skill of the Finns and Norwegians in the distance events. Thunberg of Finland won the 1,500 and 5,000 meter events. The 10,000 meter race went to Skutnabb, also a Finn, bringing his nation's total points to 48½ for the two days. The Norwegians, by virtue of many of the lower places, were able to bring their total score to 39½.

Harry Kaskey of Chicago took seventh place in the 1,500 meter event, followed by Charles Jewtraw, of Lake Placid, and Joe Moore, New York, who tied for eighth. William Steinmetz, Chicago, was 12th. Kaskey's time was 2 minutes, 30 seconds, compared with Thunberg's 2 minutes, 20 4-5 seconds, a mark that came within four seconds of the world's record.

Duke Donovan is Ninth

The first American, in the 10,000 meter race, was Valentine Bialis, Saranac Lake, whose 18 minutes, 30 4-5 seconds gave him eighth place. Richard Donovan, St. Paul, was ninth, Joe Moore 12th, and Kaskey 13th. Skutnabb's time was 18 minutes, 4 4-5 seconds, while Thunberg, who seemed to let his compatriot take the victory, made the distance in 18 minutes, 7 4-5 seconds, taking second place.

BRAINERD TO MEET LITTLE FALLS FRIDAY

(By L. P.)

The same old battle cries which aroused the slumbers in the Brainerd hills during the football season last autumn will be heard again on Friday evening at the high school auditorium when the Blue and White and Little Falls basket ball teams clash in the last of their two game series.

Students of both institutions of learning are lining up their rooting forces for this day, dusting off the time-honored pennants and ribbons and inflating their lungs for the boom, boom, boom and rah, rah, rah, together with the zip, boom zowie which will mark all of the features of Friday night's competition.

Judging from the form shown to date the Blue and White quint should come through a winner over the Falls Coach Rosel is in no way discouraged with Brainerd's prospects in the coming tussle. He has been sending his boys through practice games this week to get them tuned to the highest possible pitch.

Capt. W. Engbretson is showing all of his old time stuff and is sure to be one of the outstanding players on Friday. The rest of the players are showing better every time they turn around so it is not possible that the Brainerd team will be as weak as some of the supporters of the Blue and White seem to think.

One of the greatest crowds that ever attended a basket ball game in this city is already assured and preparations are now being completed for the comfortable housing of the spectators.

Admission will be 25c and 50c. The price for adults had to be increased because expenses are very large on this game, with two teams coming from Little Falls. The game will be worth the price and more. Another big double-header.

The Mystery

Elizabeth came to school one day in a state of supprest excitement. Going straight to the teacher's desk, "I've got a new little sister!" she exclaimed exultantly:

"How very nice," replied the teacher.

"Yes," said Elizabeth, "but this is only a half-sister.'

"Why, that doesn't make any difference, does it?"

"No, but I never can understand where the other half is."—Harper's Magazine.

AMUSEMENTS

Ben Alexander Prefers Films

Motion picture studio life is much more preferable than stage life, in the opinion of Ben Alexander, who will appear at the New Park on Wednesday and Thursday in "Jealous Husbands," and who won instantaneous fame through his interpretation of the role of Penrod in "Penrod and Sam." "Jealous Husbands" is

Ben Alexander

a First National picture and was directed by Maurice Tourneur for M. C. Levee.

Ben's eight years of dramatic work have given him wide screen and stage experience. On the legitimate stage he appeared in such productions as "Penrod," "The Little Teacher" and "Seven Miles to Arden." He has also had a fling in vaudeville.

Go Tonight or You'll Miss "If Winter Comes"

We could almost forgive someone for the pun, "What if winter goes?" providing they had already seen the Fox screen creation, "If Winter Comes," at the Lyceum theatre. But they would not forgive themselves if they failed to view this masterpiece made from A. S. M. Hutchinson's novel, which ends its successful run at the Lyceum tonight. Percy Marmont as Mark Sabre has given to screen enthusiasts a character protrayal that will be long remembered for its convincing simplicity and strength. Marmont, by this achievement, proves his right to stand in the front rank among screen actors.

"Untameable" Coming to the Lyceum

The extraordinary experiences of a girl who possessed a dual personality, a nature that amounted virtually to a dual identity, are presented in "The Untameable," the Universal attraction starring Gladys Walton, which comes to the Lyceum theatre on Wednesday and Thursday.

The girl's character existed in two distinct realms, one good, the other evil. In a way, her life was that of a feminine "Jekyll and Hyde" existence.

Her more natural self was that of a sweet, charming and generous girl, but she was afflicted with a terrible temper that occasionaly got beyond the grip of her control. In this state of mind, she was cruel, selfish and overbearing.

HARMLESS MEANS OF REDUCING FAT

Many fat people fear ordinary means for reducing their weight. Here is an extraordinary method. Extraordinary because while perfectly harmless, no dieting or exercise are necessary. Marmola Prescription Tablets are made exactly in accordance with the famous Marmola Prescription. You reduce steadily and easily, with no ill effects. Procure them from your druggist at one dollar for a box or send price direct to the Marmola Company, 4612 Woodward Avenue, Detroit, Mich.—Advt.

END CATARRH WITH THIS HEALING CREAM

If your nostrils are clogged and your head stuffed because of catarrh or a cold, get Ely's Cream Balm at any drug store. Apply a little of this pure, antiseptic, germ destroying cream into your nostrils and let it penetrate through every air passage of your head and membranes. Instant relief.

How good it feels. Your head is clear. Your nostrils are open. You breathe freely. No more hawking or snuffling. Head colds and catarrh yield like magic. Don't stay stuffed up, choked up and miserable. Relief is sure.—Advt.

OUCH! LUMBAGO! RUB BACKACHE AWAY

Kidneys cause backache! No! Your backache is caused by lumbago, rheumatism or a strain and the quickest relief is soothing, penetrating St. Jacob's Oil. Rub it right on your painful back, and instantly the soreness, stiffness and lameness disappears. Don't stay crippled! Get a 35c bottle of St. Jacob's Oil from your druggist. A moment after it is applied you'll wonder what became of the backache or lumbago pain.

In use for 65 years for lumbago, backache, sciatica, neuralgia, rheumatism or sprains. Absolutely harmless. Doesn't burn the skin.—Advt.

Speeding Up Production

The Standard Oil Company (Indiana) considers it a major part of its duty to help increase production in every line of activity.

The factories, farms and workshops of the Middle West function more effectively and more regularly because of Standard Oil Company (Indiana) products and service.

This means steady employment for labor — low production costs for manufacturers and farmers — more goods at lower prices for everybody.

Petroleum products are basic essentials — they are at the root of industrial prosperity; for petroleum in some form enters into every civilized activity.

The Standard Oil Company (Indiana) inspired by the will to serve, organized its efforts in the oil business along certain well-defined lines, with the determination to extend production of petroleum products on a vast scale, in the expectation (since fulfilled) of reducing production costs.

The first plank in the Company's platform is an independent directorate, composed of oil men experienced in every phase of the oil business.

The second plank is to lower production costs by utilizing modern science and by employing trained experts to devise new efficiency methods.

This practice has made the Standard Oil Company (Indiana) a leader in the industry.

The third plank is the development of a comprehensive system of distribution. Standard Oil Company (Indiana) petroleum products are delivered to the smallest as well as to the largest consumers with promptness and with dependable regularity.

The fourth plank is to make every product manufactured and sold by the Standard Oil Company (Indiana) measure up to the highest standards of quality and be absolutely uniform at all times.

The fifth plank is to keep the price of its products as low as conditions will permit, depending upon a large volume of business to return a satisfactory profit.

This highly specialized organization, committed to maximum service, lends to every other industry, from the manufacture of automobiles to the manufacture of shoes, bricks, buttons, or flour, the facilities to produce faster and cheaper. This is a direct contribution to national prosperity and constitutes a record of achievements of which the Standard Oil Company (Indiana) is proud.

U. S. SKATERS PLACE THIRD IN OLYMPICS

Chamonix, France, Jan. 29.—The United States hockey team scored an easy victory in its first match in the winter sports of the Olympic games yesterday, defeating the Belgian team by the score of 19 to 0.

The Americans simply toyed with the Belgians during the first period, Drury, Rice and McCarthy promptly got their combination work going, completely bewildering the Belgian players, and scoring almost at will.

Yanks Make Substitutions

After the Americans had the Belgians down, 4 goals to nothing, Manager Haddock sent in Frank Sinnott of Boston to relieve McCarthy. Later John J. Lyons of Boston took Drury's place at center.

The Swedish team won its first game, defeating Switzerland by a score of 9 to 0. The Canadian six was drawn against Czecho-Slovakia in the first round.

The Swedes, scoring three goals in each period, won by superior all around play. The Swiss appeared to know little more than the rudiments of the game and the winners' score might have been greater had not the northerners let up in the last two periods.

The starting line-up of the American team was: Alphonse A. LaCroix of Boston, goal; Irving W. Small of Boston, and Clarence J. Abel, of St. Paul, defense; Harry Drury of Pittsburgh, center; Willard W. Rice, of Boston, right wing; Justin J. McCarthy, of Boston, left wing. The referee for the Belgo-American match was Monroe of Canada.

Also scheduled for yesterday was the figure skating for women.

U. S. Skaters Third

The American speed skaters, who scored 11 points for their country in the sprints on Saturday were able to do nothing against the stamina and skill of the Finns and Norwegians in the distance events. Thunberg of Finland won the 1,500 and 5,000 meter events. The 10,000 meter race went to Skutnabb, also a Finn, bringing his nation's total points to 48½ for the two days. The Norwegians, by virtue of many of the lower places, were able to bring their total score to 39½.

Harry Kaskey of Chicago took seventh place in the 1,500 meter event, followed by Charles Jewtraw, of Lake Placid, and Joe Moore, New York, who tied for eighth. William Steinmetz, Chicago, was 12th. Kaskey's time was 2 minutes, 30 seconds, compared with Thunberg's 2 minutes, 20 4-5 seconds, a mark that came within four seconds of the world's record.

Duke Donovan is Ninth

The first American, in the 10,000 meter race, was Valentine Bialis, Saranac Lake, whose 18 minutes, 30 4-5 seconds gave him eighth place. Richard Donovan, St. Paul, was ninth, Joe Moore 12th, and Kaskey 13th. Skutnabb's time was 18 minutes, 4 4-5 seconds, while Thunberg, who seemed to let his compatriot take the victory, made the distance in 18 minutes, 7 4-5 seconds, taking second place.

BRAINERD TO MEET LITTLE FALLS FRIDAY

(By L. P.)

The same old battle cries which aroused the slumbers in the Brainerd hills during the football season last autumn will be heard again on Friday evening at the high school auditorium when the Blue and White and Little Falls basket ball teams clash in the last of their two game series.

Students of both institutions of learning are lining up their rooting forces for this day, dusting off the time-honored pennants and ribbons and inflating their lungs for the boom, boom, boom and rah, rah, rah, together with the zip, boom zowie which will mark all of the features of Friday night's competition.

Judging from the form shown to date the Blue and White quint should come through a winner over the Falls Coach Rosel is in no way discouraged with Brainerd's prospects in the coming tussle. He has been sending his boys through practice games this week to get them tuned to the highest possible pitch.

Capt. W. Engbretson is showing all of his old time stuff and is sure to be one of the outstanding players on Friday. The rest of the players are showing better every time they turn around so it is not possible that the Brainerd team will be as weak as some of the supporters of the Blue and White seem to think.

One of the greatest crowds that ever attended a basket ball game in this city is already assured and preparations are now being completed for the comfortable housing of the spectators.

Admission will be 25c and 50c. The price for adults had to be increased because expenses are very large on this game, with two teams coming from Little Falls. The game will be worth the price and more. Another big double-header.

The Mystery

Elizabeth came to school one day in a state of supprest excitement. Going straight to the teacher's desk, "I've got a new little sister!" she exclaimed exultantly:

"How very nice," replied the teacher.

"Yes," said Elizabeth, "but this is only a half-sister.'

"Why, that doesn't make any difference, does it?"

"No, but I never can understand where the other half is."—Harper's Magazine.

TRAINING LEADS TO $UCCE$$

Eight months ago, The Hull Insurance Co. employed Cecelia Kieffer, through Dakota Business College, Fargo, N. D. Now she is head of a department, and another "Dakota" girl, Vina Kohoutek, has her old place. C. E. AMUSEMENTS

Ben Alexander Prefers Films

Motion picture studio life is much more preferable than stage life, in the opinion of Ben Alexander, who will appear at the New Park on Wednesday and Thursday in "Jealous Husbands," and who won instantaneous fame through his interpretation of the role of Penrod in "Penrod and Sam." "Jealous Husbands" is

Ben Alexander

a First National picture and was directed by Maurice Tourneur for M. C. Levee.

Ben's eight years of dramatic work have given him wide screen and stage experience. On the legitimate stage he appeared in such productions as "Penrod," "The Little Teacher" and "Seven Miles to Arden." He has also had a fling in vaudeville.

Go Tonight or You'll Miss "If Winter Comes"

We could almost forgive someone for the pun, "What if winter goes?" providing they had already seen the Fox screen creation, "If Winter Comes," at the Lyceum theatre. But they would not forgive themselves if they failed to view this masterpiece made from A. S. M. Hutchinson's novel, which ends its successful run at the Lyceum tonight. Percy Marmont as Mark Sabre has given to screen enthusiasts a character protrayal that will be long remembered for its convincing simplicity and strength. Marmont, by this achievement, proves his right to stand in the front rank among screen actors.

"Untameable" Coming to the Lyceum

The extraordinary experiences of a girl who possessed a dual personality, a nature that amounted virtually to a dual identity, are presented in "The Untameable," the Universal attraction starring Gladys Walton, which comes to the Lyceum theatre on Wednesday and Thursday.

The girl's character existed in two distinct realms, one good, the other evil. In a way, her life was that of a feminine "Jekyll and Hyde" existence.

Her more natural self was that of a sweet, charming and generous girl, but she was afflicted with a terrible temper that occasionaly got beyond the grip of her control. In this state of mind, she was cruel, selfish and overbearing.

HARMLESS MEANS OF REDUCING FAT

Many fat people fear ordinary means for reducing their weight. Here is an extraordinary method. Extraordinary because while perfectly harmless, no dieting or exercise are necessary. Marmola Prescription Tablets are made exactly in accordance with the famous Marmola Prescription. You reduce steadily and easily, with no ill effects. Procure them from your druggist at one dollar for a box or send price direct to the Marmola Company, 4612 Woodward Avenue, Detroit, Mich.—Advt.

Speeding Up Production

The Standard Oil Company (Indiana) considers it a major part of its duty to help increase production in every line of activity.

The factories, farms and workshops of the Middle West function more effectively and more regularly because of Standard Oil Company (Indiana) products and service.

This means steady employment for labor — low production costs for manufacturers and farmers — more goods at lower prices for everybody.

Petroleum products are basic essentials — they are at the root of industrial prosperity; for petroleum in some form enters into every civilized activity.

The Standard Oil Company (Indiana) inspired by the will to serve, organized its efforts in the oil business along certain well-defined lines, with the determination to extend production of petroleum products on a vast scale, in the expectation (since fulfilled) of reducing production costs.

The first plank in the Company's platform is an independent directorate, composed of oil men experienced in every phase of the oil business.

The second plank is to lower production costs by utilizing modern science and by employing trained experts to devise new efficiency methods.

This practice has made the Standard Oil Company (Indiana) a leader in the industry.

The third plank is the development of a comprehensive system of distribution. Standard Oil Company (Indiana) petroleum products are delivered to the smallest as well as to the largest consumers with promptness and with dependable regularity.

The fourth plank is to make every product manufactured and sold by the Standard Oil Company (Indiana) measure up to the highest standards of quality and be absolutely uniform at all times.

The fifth plank is to keep the price of its products as low as conditions will permit, depending upon a large volume of business to return a satisfactory profit.

This highly specialized organization, committed to maximum service, lends to every other industry, from the manufacture of automobiles to the manufacture of shoes, bricks, buttons, or flour, the facilities to produce faster and cheaper. This is a direct contribution to national prosperity and constitutes a record of achievements of which the Standard Oil Company (Indiana) is proud.
